Summary.

I'm Varun Nair, an Autodesk Certified Instructor with 12 years of experience in AutoCAD, Revit, and professional software training. I work with individuals, professionals, and organizations worldwide, delivering practical, industry-focused training and helping professionals work towards Autodesk certification. I'm also the Founder of Northstar Ventures, where I collaborate with training partners to expand their Autodesk training capabilities. We support Autodesk Learning Partner onboarding, training center setup, course development, and updated training programmes. Through consultation and practical guidance, I help training partners build effective training programmes and grow their capabilities.
